Torrance Leads in Percentage of Chest Drive, Lags on Goal

Torrance is leading the entire Harbor area Community Chest drive in over-all percentage, with \$21,613 collected so far for 76.10 per cent of quota.

With the end of the campaign two weeks off, nearly \$7000 will have to be collected before the quota is attained.

Results of the drive on Torrance business firms have not been as encouraging as had been expected, and there are deficiencies to be made up in the other sections of the drive.

City chairman Harold Frenz has asked all volunteers to stay on the job for a final assault on the target.

be precise — but we can still make it provided all the volunteers stay on the job and put everything into their efforts during this last critical two weeks."
